

Engage and Insight

--PLEASE PRAY EVEN IF YOU GET THIS AFTER THE EVENT FOR STUDENTS TO FOLLOW THROUGH WITH DECISIONS—

Saturday Oct. 27-Sunday Oct. 28, 75 students, volunteers and InterVarsity staff will gather for 2 retreats in one location.

Engage is our newly branded retreat for International students to investigate Jesus! What an opportunity to host these future leaders of their countries in a fun atmosphere while studying the Gospel. Internationals will join us from Southern Miss and the University of Memphis. Some will be coming from Jackson as well.

--Please pray for God to soften hearts as the love of Jesus is explained—

--Please pray for the Internationals to take a step closer to Jesus and ultimately to surrender to Him—

International Student Gathering
October 27-28, 2018

Our American students will meet at the same time for Insight--#Relationship Goals. As you know our culture elevates a person's "feelings" as the standard for making lifestyle choices. We will help our students understand God's design for sexuality and relationships.

--Please pray for grace and truth as we deal with homosexuality and promiscuity, widespread in our culture and on our campuses across the nation—

--Please pray for us as staff as we share our own stories of brokenness—

Corner to Corner at UWF

I've had the opportunity to teach the last two weeks at our Tuesday Bible study on Jesus as our good shepherd and John 3—Nicodemus. I'm continuing to meet with students from other corners of campus as well, a nursing student, a football player and now another sorority student. I'd like to move faster, but students are busy! My plan is to simply meet with these students to pray and encourage them. I want to stay sensitive to God opening doors for new ministry on campus, without rushing it.

--Please pray for these students to see the opportunity to reach their "corner"—

The Family

I continue to make slow progress toward my InterVarsity financial goal—6 or 7 more new partners needed. Thank you for partnering with me by praying and giving. Volleyball has ended and Aubrey will now concentrate more on the interscholastic equestrian team. Our FSU kids are doing well in Tallahassee. Alyssa made some adjustments to her class schedule that has really helped! Aaron's semester is tough but going well. I'm happy to see that Wendy's position as a counselor matches her gifts of service so well.

Only By God's Grace, Bill DePury
